

363 - 371 Lowerhouse Lane

363 - 371, Lowerhouse, Burnley, Lancashire, BB12 6NH

These five houses on Lowerhouse Lane are much finer, grander larger than those of the mill workers cottages on Knotts Lane and Bear Street opposite, as they were for the managers and supervisors of the mills.

The main Lowerhouse Mill (Cotton) was situated immediately behind the rear entrances/exits of these houses, and the original mill entrance gate posts are still in existence there to this today.

The houses are positioned on a higher elevation than Bear Street and Knotts Lane, and were previously named Victoria Terrace.
